2003 Quarterly Bulk Trash Collection Schedule

To utilize this quarterly collection:

- Locate your area number on the map.
- Find the area number on the schedule.
- The first date listed is the date you may begin placing bulk trash out for collection.
- The second date listed is the date City crews will begin collection.
- Bulk trash must be placed out by 6 a.m. on the date 'collection begins'. Crews do not make return trips.

1 week rule

City ordinance allows one week prior to the scheduled collection week to place bulk trash out for collection. Please plan your clean-ups accordingly. It is a violation of City ordinance to place bulk trash out before the 'placement begins' date listed. Failure to comply may result in enforcement action.

Where to place bulk trash

Trash must be placed at least 5 feet from any object, such as utility pole, cable box, water meter, mailbox, refuse container, etc. All material should be neatly stacked.

Alley collection: Place bulk trash behind your property only. Do not place trash behind neighbor's property or in utility easements.

Curbside collection: Place bulk trash on the front edge of your property behind and parallel to the sidewalk or curb. Do not place trash on the sidewalk or in the street.

What is bulk trash

Bulk trash is material that cannot be placed in the garbage or recycling container such as furniture, some large

appliances and large amounts of vegetation. All vegetation must be less than 4 feet in length and 12 inches in diameter. Small amounts of vegetation should be cut up, bagged and tied, and placed in the garbage container.

Cardboard collection: Cardboard may be recycled by cutting up boxes and placing in the blue recycling container. If you have a large number of boxes, flatten and stack them and call Customer Service to arrange a special collection.

Appliance collection: Collection of appliances including those containing refrigerants, is available at any time for \$10. Call Customer Service for further information.
